Where each of the parties listed above are processing your data for their own independent purposes then each of us will be independently responsible to you and if you have any questions, wish to exercise any of your rights (see below) or wish to raise a complaint, you should do so directly to the relevant data controller.

What is the Legal Basis for Processing Personal Data?

The council is a public authority and has certain powers and obligations. Most of your personal data is processed for compliance with a legal obligation which includes the discharge of the council's statutory functions and powers. Sometimes when exercising these powers or duties it is necessary to process personal data of residents or people using the council's services. We will always take into account your interests and rights. This Privacy Notice sets out your rights and the council's obligations to you.

Sometimes the use of your personal data requires your specific consent. We will first explain those specific requirements to you and obtain your consent to that use.

Sharing Your Personal Data

This section provides information about the third parties with whom the council may share your personal data. These third parties have an obligation to put in place appropriate security measures and will be responsible to you directly for the manner in which they process and protect your personal data. It is likely that we will need to share your data with some or all of the following (but only where necessary):

- The data controllers listed above under the heading "Other data controllers the council works with"
- Our agents, suppliers and contractors.
- On occasion, other local authorities or not-for-profit bodies with which we are carrying out joint ventures e.g. in relation to facilities or events for the community.

How Long Will We Keep Personal Data?

We will keep some records permanently if we are legally required to do so. We may keep some other records for an extended period of time. For example, it is currently best practice to keep financial records for a minimum period of 8 years to support HMRC audits or provide tax information. We may have legal obligations to retain some data in connection with our statutory obligations as a public authority. The council is permitted to retain data in order to defend or pursue claims. In some cases the law imposes a time limit for such claims (for example 3 years for personal injury claims or 6 years for contract claims). We will retain some personal data for this purpose as long as we believe it is necessary to be able to defend or pursue a claim. In general, we will endeavour to keep data only for as long as we need it. This means that we will delete it when it is no longer needed.
